Just think! Two weeks and we're back in the jailhouse. Man what a privilege. She first to write in your yearbook. My head is beginning to swell. Jokes? It's been great knowing you even tho I haven't been running around with you so much. We've really had some good times tho. Rights! This year we ought to really have a good time this year tho. Since its our last year we ought to really have a ball.

Well I guess I've taken enuf of this page so I'll sign off now. Study hard (no) Read and don't do anything I wouldn't.

Good Luck. A fellow classmate and friend. Sue Ellen

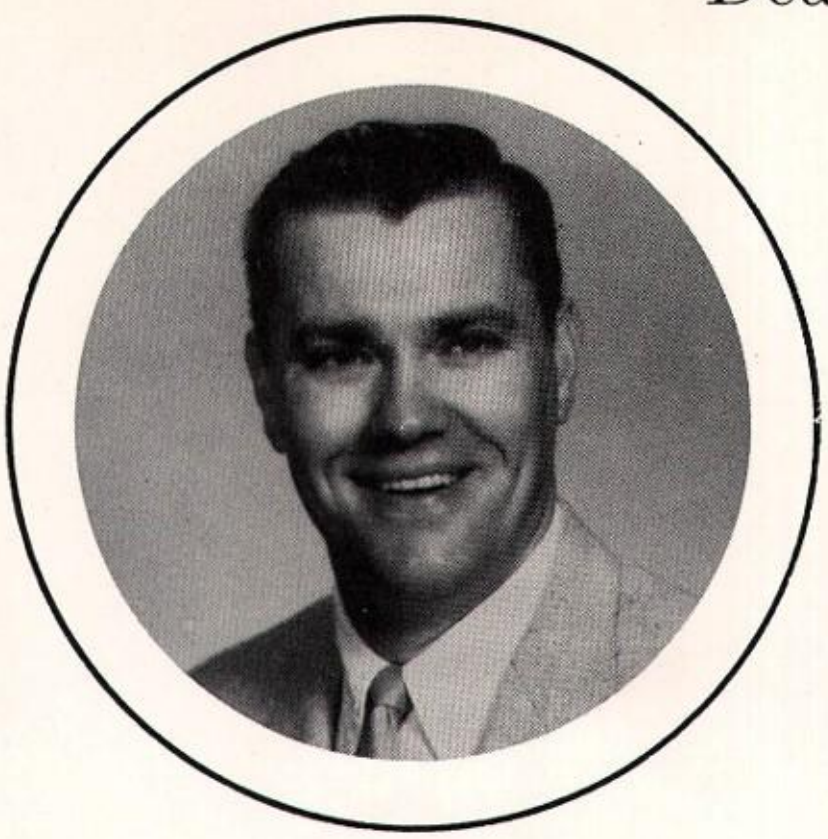
We, the staff of the 1959 QUA QUEI, feel that this annual represents the finest year that Mission High has ever experienced. As you look back through this book several years from now, we sincerely hope that you may have a lasting record of the persons and events that have played a part in your lives this year.

Dedication



MR. McPHERSON

We, the class of 1959, dedicate this yearbook to Mr. and Mrs. Harold McPherson.

We realize how trying our class has been at times, but Mr. and Mrs. McPherson endeavored to lead us toward adulthood.

They have devoted many long hours in helping us with our individual and class problems. In sponsoring our class activities they have contributed many worthwhile ideas which we have appreciated more than they can comprehend.

Many times an annual is dedicated to a teacher only when he is leaving, but in this case we hope this isn't true because we want the underclassmen to have the same opportunity that we have had to work with both Mr. and Mrs. McPherson.

With this dedication we say "Thank you" to Mr. and Mrs. McPherson for all of the wonderful things they have done for us.

High School Janitor

Grade School Janitor

Congratulations to you, Seniors of 1959. I am especially happy to express my best wishes to you because we entered the doors of Mission High together. I hope that the past four years have proven to be as valuable an educational experience for you as they have been for me. Knowing you and working with you has helped to make them such.

I know I express the view of the faculty when I say we are proud of you. Your achievements have been many, your standards high, and your cooperation has made it a pleasure to be associated with you.

We of the faculty are charged with the responsibility of imparting knowledge, building character and developing personalities in order that you may be better prepared for the future. We hope that we have done our part. The future is now yours. It will be what you make it. Let us all hope that the knowledge and skills you have thus far acquired will aid you in better performing the tasks which you will have to face in the future.

In future years may this fine yearbook remind you of your school days and we hope it will bring to you many happy and pleasant memories.
